Overview

The webinar, titled “**Job oriented awareness program on Pharmacovigilance and an overview of end to end real time process**” was organized by the Tagore College of Pharmacy in collaboration with Mainsprings, Hyderabad. The event aimed to provide insights into various aspects of clinical research, focusing on pharmacovigilance, data management, regulatory affairs, and the challenges faced during the interview.

Schedule and Sessions

Inauguration and Welcome Address: 10:30 AM - 10:40 AM

The event commenced with an inaugural speech of **Dr. K. Ilango, Principal, TCP** and a welcome address, setting the tone for an informative and engaging series of sessions.

Scientific Sessions: 10:40 AM - 12:20 PM

The webinar was a comprehensive exploration of critical topics in clinical research, with a particular focus on pharmacovigilance and data management. The speakers, who were experts in their respective fields, provided valuable insights and practical knowledge, contributing to the professional development of the attendees. All the Registered Participants were provided with e-Certificates.

The whole event was hosted by **Dr. K. Priyachitra, Professor, TCP**. The event successfully highlighted the importance of regulatory compliance, Pharmacovigilance Job Interviews and the ongoing challenges in clinical research, offering guidance to navigate the complexities of the field
