India, New Delhi)

**BETTER COURSE FOR A
BETTER LIFE**

**ADMISSIONS OPEN
2026-2027**

ABOUT THE PROGRAMS

The programs are supplemented by a refreshing breath of co-curricular and extracurricular activities to gain expertise not only in pharmacy, but also acquire personality excellence and leadership qualities that are vital to succeed in a competitive world.

The curriculum of the B. Pharm and Pharm. D. programs equips students with essential skills and techniques in pharmacy, while providing a strong foundation in biochemistry, anatomy and physiology, analytical instrumentation, pharmaceutical sciences, pharmacy practice, and computer applications. Students also gain hands-on experience through industrial visits and training, hospital training, and exposure to pharmaceutical research laboratories.

The M. Pharm Pharmaceuticals curriculum focuses on advanced drug delivery systems, formulation development, and pharmaceutical manufacturing processes. The graduates become highly skilled formulation and development scientists with rewarding career prospects in leading pharma industries.
