NATIONAL PHARMACOLOGY DAY CELEBRATION – 2026

Date: 17 August 2026

Time: 11:00 AM

Mode: Virtual

Topic- AI in Action: Unlocking Smarter Drug Discovery and Development

Tagore College of Pharmacy celebrated National Pharmacology Day 2026 on 17 August 2026 at 11:00 AM through a virtual programme. The celebration was organized as a Continuing Pharmacy Education programme with the theme "AI in Action: Unlocking Smarter Drug Discovery and Development." The programme highlighted the growing role of Artificial Intelligence in modern pharmacology, particularly in advancing drug discovery and development, and provided an academic platform for students and faculty to learn about emerging developments in the field.

The programme featured an expert lecture by Dr. Arunkumar Subramanian, Post-Doctoral Research Fellow, Integrated Therapeutics and Drug Discovery Lab, School of Pharmacy, Faculty of Medical and Life Sciences, Sunway University, Selangor, 47500, Malaysia, who was the Guest Speaker for the event. His participation as an international academic and research expert added significant value to the programme and provided participants with exposure to contemporary approaches in therapeutics and drug discovery.

The programme was conducted under the guidance and patronage of Prof. Dr. M. Mala, Chairperson and Managing Trustee, Tagore Educational Trust; Shri. G. Manikandan, Trust Secretary, Tagore Educational Trust; and Selvi. Rakshana, CEO, Jerusalem College of Engineering and Trustee, Tagore Educational Trust. Dr. R. Seetharaman, Principal, Tagore College of Pharmacy, served as the Convenor, while Dr. Karuna Priyachitra, Professor & Head, Department of Pharmacology, Tagore College of Pharmacy, served as the Coordinator. The Organising Committee comprised Mr. M. Sivasankar, Associate Professor; Dr. S.

Sabishruthi, Assistant Professor; Ms. Y. Lavanya, Assistant Professor; and Mr. Chandaraa Kumar P., Assistant Professor, Department of Pharmacology.

The National Pharmacology Day celebration served as a meaningful academic initiative to promote awareness of the evolving role of pharmacology and the potential of Artificial Intelligence in smarter drug discovery and development. The programme also reflected Tagore College of Pharmacy's commitment to continuing pharmacy education, research-oriented learning, and keeping students and faculty connected with contemporary advances in pharmaceutical sciences.
