Report

As part of the World Pharmacist Day 2026 celebrations, Tagore College of Pharmacy organized an Awareness Rally on “Combating Antimicrobial Resistance and Empowering Pharmacists for a Healthier Future” on 25th September 2026 from 12:30 pm to 1:00 pm. The rally was initiated by Dr. R. Seetharaman, Principal, Tagore College of Pharmacy. Approximately 120 students and faculty members participated actively in the rally, which aimed to create awareness about antimicrobial resistance (AMR), responsible antibiotic use, rational use of medicines, and the role of pharmacists in promoting safer healthcare. The rally thereby served as a meaningful public-awareness initiative supporting the World Pharmacist Day 2026 focus on empowering pharmacists and combating AMR. Leaflets emphasizing the safe use of medicines were distributed in both English and Tamil to outpatients and patient attenders at Tagore Medical College and Hospital and in the Tagore Engineering College campus. The awareness messages highlighted responsible use of medicines

including antibiotics, adherence to prescribed therapy, prevention of antimicrobial resistance, and the importance of seeking appropriate guidance from healthcare professionals. The activity enabled the student and faculty participants to engage with the community and communicate key medication-safety messages in an accessible manner.
