Report

The B. Pharm VII Semester students of Tagore College of Pharmacy visited the National Institute of Siddha, Chennai, as part of their academic and experiential learning activities. A total of 45 students participated in the visit, accompanied by Dr. S. Mohideen, Professor & Head, Ms. M. Aishwarya, Assistant Professor, Department of Pharmacognosy, and Dr. V. Evangeline Brighta, Assistant Professor, Department of Pharmacy Practice, Tagore College of Pharmacy.

During the visit, students were introduced to the various activities and facilities of the institute, with particular emphasis on the principles and practices of Siddha medicine, traditional medicinal preparations, medicinal plants, and their therapeutic applications. The students gained insights into the preparation, standardization, quality control, and clinical relevance of Siddha formulations. The institute's representatives provided explanations regarding the various processes and practices followed at the institute, enabling students to understand the scientific and practical aspects of the traditional system of medicine. Students also had the opportunity to interact with the personnel and clarify their queries. The visit provided valuable exposure to the traditional Indian system of medicine and enhanced the students' understanding of the integration of traditional medicinal knowledge with contemporary pharmaceutical sciences. It was an enriching learning experience that broadened their academic knowledge and provided meaningful practical insights into the field of traditional medicine.
